

DANA SMITHERS

46 yrs old • 5'5" tall
long brown hair • brown eyes

My friend **Dana Smithers** has been **missing** since the night of **5/28/22**. She vanished without a trace from her home in **Stroudsburg, PA**. Her car, keys, purse, phone, meds, clothes, and everything else she owns were ALL found in her home. She had NOTHING with her. Does that sound like someone who walked away on their own?

She **DID NOT LEAVE VOLUNTARILY**. She DID NOT just walk away from her family, her children, her grandchild, her friends, HER LIFE. Someone did this to her. Dana's case has barely been a blip in the media and the local PD waited WEEKS to take it seriously. **SHE DESERVES BETTER!** She is a mom, grandmother, daughter, sister, and friend. She just deserves better than this. **PLEASE HELP**. Share her story. Tell your friends, family, local media. Tweet it, pin it. **Don't let the world forget her.**
